Built around your service.

Your kitchen stays focused on the food. We handle the rider, the route and the handover. Orders can be booked online in under a minute, or sent straight to dispatch on WhatsApp or by phone. Fares are confirmed with you before a rider is sent, so there are no surprises at the door.

WHAT WE HANDLE

Restaurant runs, without the friction.

01

Same-day delivery

02

One dispatch contact

A named desk for your restaurant. Call, message or book online; we confirm the fare and pickup window with you.

Every order carries one number from pickup to drop-off. Dispatch can see the same status you can.

04

Cash or Mobile Money

No online payment needed. Settle on pickup or delivery by cash or Mobile Money, confirmed by dispatch.
